## Oxygen Concentrators Global Market Report 2021: COVID-19 Implications And Growth

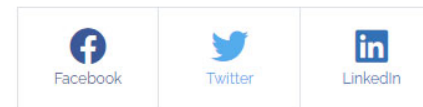

Published 25 Oct 2021

Major players in the oxygen concentrators market are Koninklijke Philips N. V. , Invacare Corporation, DeVilbiss Healthcare LLC, Nidek Medical, Inogen, Oz Concepts, Teijin Limited, Supera Anesthesia Innovations, GCE Group, CAIRE Inc.

New York, Oct. 25, 2021 (GLOBE NEWSWIRE) -- Reportlinker.com announces the release of the report "Oxygen Concentrators Global Market Report 2021: COVID-19 Implications And Growth" - [https://www.reportlinker.com/p06177529/?utm\\_source=GNW](https://www.reportlinker.com/p06177529/?utm_source=GNW) . Precision Medical Inc., ResMed, Linde, Longfian Scitech, and OxyGo.

For instance, in March 2021, a team of researchers at MIT's Electrochemical Energy Lab (EEL) launched a low-cost portable concentrator that can be adopted in places with limited infrastructure and high demand. The companies such as Servotech Power Systems, an India-based manufacturer of LED lights and solar products is manufacturing the noiseless, lightweight, and portable oxygen concentrator equipment that provides a constant flow of oxygen and can be easily adjusted to meet the needs of the patient.
