Mr. Raman Bhatia, Managing Director,
Servotech Power Systems Limited

When the country was hit by the Covid19 pandemic that created a non-negotiable demand and supply for oxygen emergency in the nation, Mr Raman Bhatia extended his immense contribution towards the cause of safety. He contributed to the development of preventative measures to aid people to stay safe. With his visionary idea, Servotech launched the Oxygen Concentrator and ran the O2ForAll initiative bridging the gap between the supply and demand of oxygen concentrators.
