

UVLEN - Digital Sanitizer

Compatible with all Smartphones

Can you see bacteria and germs on your hands and other surfaces? The answer is No as they are very small in size. Although they are small, they can still harm your body. These bacteria can pass through touch and cause several diseases in the body. Now, you can use UVLEN Digital sanitizer to clean all surfaces on the go. It is the tiniest sanitizer to be compatible with all mobile smartphone devices at a lower cost.

UVLEN Digital Sanitizer is a portable sanitizer that's perfect for disinfecting your hands and virtually every other surface. The manufacturers claim that this tiny sanitizer converts the regular light coming from your phone's flash into UV light that's capable of sterilizing the surfaces it comes in contact with.

Features

UVLEN Digital Sanitizer uses a DIO Bio-Sheet UV converter to sanitize your hands and any surface with the use of your Smartphone Flashlight.

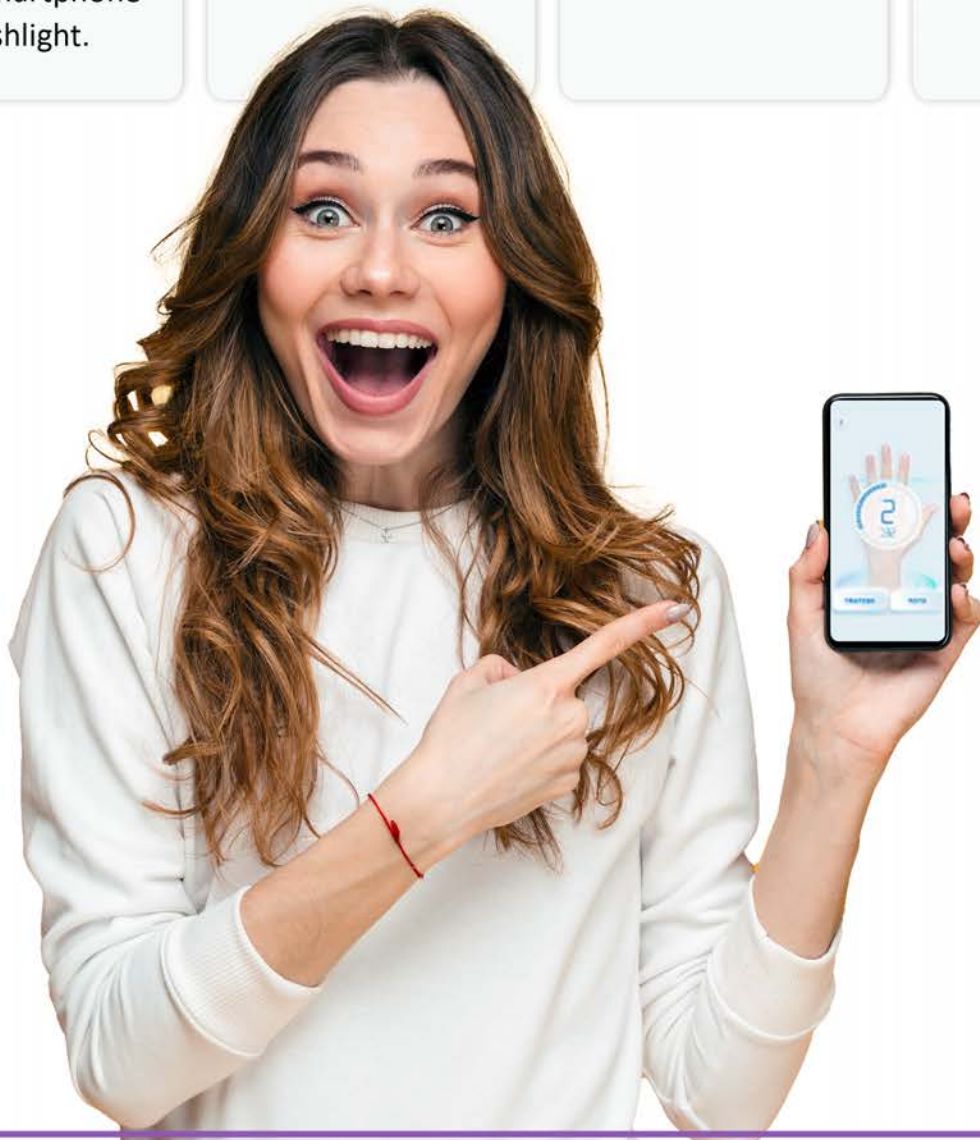

It is small in size.

With the Mobile App you can select to sanitize Face-Masks, Keyboards, Mouses and other daily accessories.

You can easily carry it anywhere, home, shops or office.

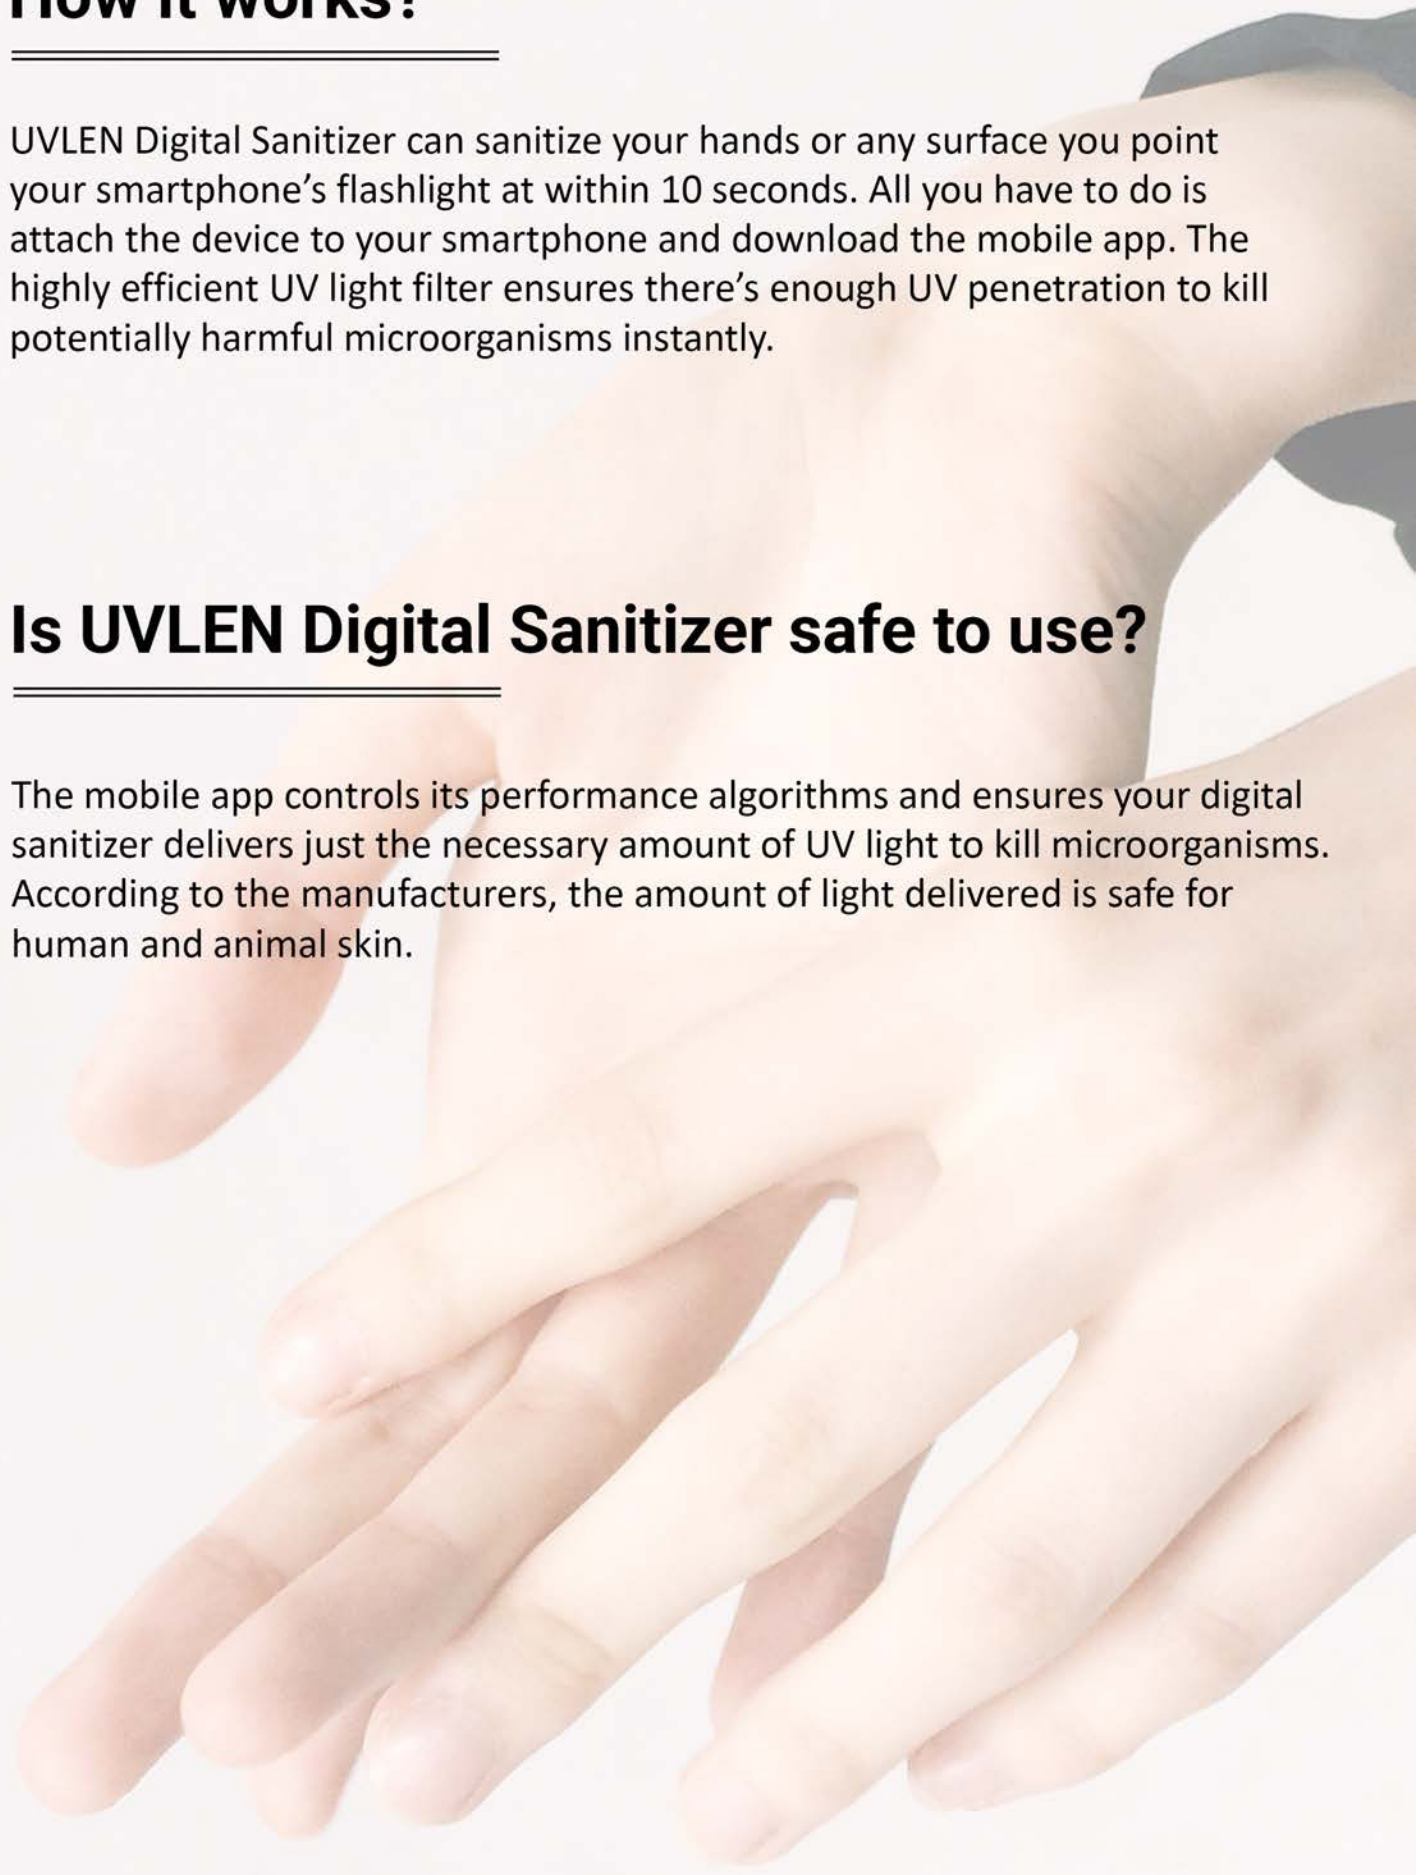

How it works?

UVLEN Digital Sanitizer can sanitize your hands or any surface you point your smartphone's flashlight at within 10 seconds. All you have to do is attach the device to your smartphone and download the mobile app. The highly efficient UV light filter ensures there's enough UV penetration to kill potentially harmful microorganisms instantly.

Is UVLEN Digital Sanitizer safe to use?

The mobile app controls its performance algorithms and ensures your digital sanitizer delivers just the necessary amount of UV light to kill microorganisms. According to the manufacturers, the amount of light delivered is safe for human and animal skin.

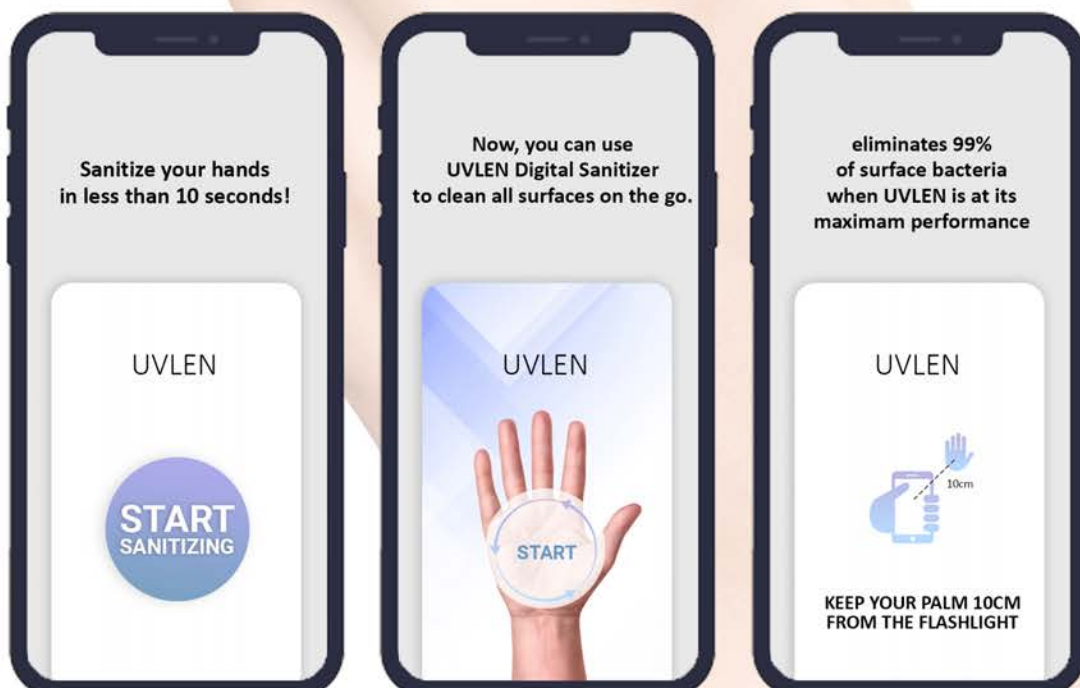

How to use ?

Step 1: Slide Open UVLEN

Step 2: Remove Adhesive Shield

Step 3: Install UVLEN head over Flashlight

Step 4: Download the mobile app

The UVLEN Digital Sanitizer advantage

Here are some of the unique benefits of choosing UVLEN digital sanitizer:

- Compatible with all smartphones
- Free mobile app
- Safe for humans and pets alike
- Sanitizes surfaces within 10 seconds
- Odor-free cleaning is excellent for people that are
- sensitive to the pungent smell of disinfectants
- Lightweight and portable
- Extremely cost-effective
