### **Servotech Power Systems Unveils EV Charging Solutions at 8th Smart Cities India Expo**

**New Delhi, 29 Mar 2023:** Leading EV charger manufacturer and solar solutions provider Servotech Power Systems Ltd. (NSE: SERVOTECH) presented a wide portfolio of latest tech-enabled Solar and EV Charging Solutions at 8th Smart Cities India Expo co-located with the 30th Convergence India expo.

The Expo was inaugurated by the Nitin Gadkari, Minister of Road Transport and Highways. The event is one of the largest exhibitions for smart cities, automation, and IoT solutions in the country.

Servotech displays its finest range of tech driven advanced Solar and EV Charging Solutions which includes Solar on-grid & off-grid Inverters, Solar Hybrid Inverters, Lithium Battery, 7 kW, 10 kW, 14 kW AC EV Chargers and 30 kW & 60 kW DC fast EV Chargers.

Servotech's participation in this event is in line with its strategic initiatives to demonstrate their commitment to supporting India's transition to cleaner energy. Additionally, it also enabled SPSL to showcase their wide variety of cost-efficient solutions to adopt to green energy technology across the country.

The Founder and Managing Director of Servotech, Raman Bhatia, remarked on the thrilling prospect of attending a significant event like Smart Cities India Expo, "This platform provides Servotech an excellent opportunity to showcase its latest innovations in the green and clean energy sector making us a prominent player in the industry. The event attracted thousands of visitors from across the globe, including industry experts, policymakers, and government officials giving Servotech a massive opportunity to interact with its potential customers.

In line with our company's mission 'Produce Green to Live Green', we are proud to contribute in this mission by providing innovative and sustainable energy solutions. Our commitment to green energy is reflected in the progress we've made in the EV segment, where we have gained a sizable market share. Our aim is to make green energy an integral part of people's everyday routines, fostering a cleaner and more sustainable future. We remain focused and agile in approaching our mission of
