Delhi's Hauz Khas will have a Solar-Powered EV Carport Soon

New Delhi, 25 May 2023: India's apex solar organisation, National Solar Energy Federation of India (NSEFI) has finalized the location for the upcoming solar-powered EV-charging carport project in Hauz Khas, Delhi. As per the guidelines of this pilot project, Servotech will cover all phases of the upcoming carport from design to fabrication to implementation.

This project will comprise two DC chargers with a capacity of 15 kW and 30 kW each, 12 solar panels for 540wp, a 7 kW AC charger, a 3.3 kW AC charger, and a 10 kW on-grid inverter.

National Solar Energy Federation of India (NSEFI), and Servotech Power Systems Limited had signed a pact to establish a Solar-powered EV Charger-enabled carport as a pilot project.

As per this pilot project, NSEFI had given an opportunity to Servotech Power Systems Limited for demonstrating its capabilities in the solar power and EV charging domains by establishing a carport. This is an innovative project and will definitely show new doors of hope & sustainability to the people.

About Servotech Power Systems Limited:

Servotech Power Systems is an NSE-listed organization that develops tech-enabled EV Charging solutions leveraging their over two decades of experience and expertise in the electronics space. We offer an extensive range of AC and DC chargers which are compatible with different EVs and serve multiple applications such as commercial and domestic. With our comprehensive engineering capabilities, we plan to play a pivotal role in developing India's EV tech infrastructure. A trusted brand with a strong pan-India presence, our legacy is marked by proven innovation and distribution of high-end LED lighting and UV-C disinfection products, along with medical-grade oxygen concentrators and its makings.
