

## **PRESS RELEASE**

New Delhi, 19<sup>th</sup> December 2024

### **Servotech Power Systems Ltd. Rebrands as Servotech Renewable Power System Limited, Emphasizing commitment to Green Energy Solutions**

**New Delhi, December 19<sup>th</sup>, 2024:** Servotech Power Systems Ltd., a leading manufacturer of **Solar Products** and **EV Chargers**, today announced its rebranding to **Servotech Renewable Power System Limited**. The company has a long history in power conditioning products and this strategic decision reflects the company's unwavering commitment to providing cutting-edge renewable energy solutions and aligns perfectly with its core vision: "**Produce Green to Live Green**".

Originally focused on power conditioning products, Servotech has evolved over the past decade, progressively dedicating its resources and expertise to the renewable energy sector. This evolution has seen the company become a prominent manufacturer of Solar Products and EV Chargers. The renaming to Servotech Renewable Power System Limited marks a crucial milestone in this journey, underscoring the company's long-term vision to spearhead the transition to a sustainable energy future.

This rebranding is more than just a name change; it represents a complete realignment of the company's focus. Servotech is now fully immersed in the "**Produce Green to Live Green**" philosophy, committing to developing and deploying technologies that minimize environmental impact and promote a cleaner future.

"We are incredibly excited to embark on this new chapter for Servotech," said **Raman Bhatia, Founder & Managing Director of Servotech Renewable Power System Ltd. (Formerly known as Servotech Power Systems Ltd.)**. "Our roots are in power conditioning, but our future is in green energy. This rebranding to Servotech Renewable Power System Ltd. clearly communicates our unwavering commitment to driving the adoption of clean energy solutions and reflects our complete dedication to a
