3rd June 2025

Servotech Secures 7.8 MW Grid-Connected Solar Rooftop Project from Northeast Frontier Railway

New Delhi, 03 June 2025: Servotech Renewable Power System Ltd. (NSE: SERVOTECH), a leading manufacturer of solar solutions, has been awarded a significant order for a **7.8 MW grid-connected solar rooftop** project by the **Rangiya Division** of the **Northeast Frontier Railway**. The order, valued at **Rs. 336 Million**, also includes a comprehensive 5-year Annual Maintenance Contract (AMC)/Comprehensive Annual Maintenance Contract (CAMC) for various buildings within the Rangiya Division.

This prestigious project underscores Servotech's expertise and growing presence in India's renewable energy sector, particularly within large-scale infrastructure development. The installation of 7.8 MW of solar capacity will significantly contribute to the Northeast Frontier Railway's sustainability initiatives and reduce its carbon footprint by harnessing clean, renewable energy.

Sarika Bhatia, Director, Servotech Renewable Power System Ltd., commented on the order win, "We are immensely proud to partner with the Northeast Frontier Railway on this crucial solar rooftop project. This order is a testament to Servotech's capabilities in delivering high-quality, reliable, and sustainable solar energy solutions. We are committed to supporting India's transition towards a greener future, and projects like these are vital in achieving that goal. Our comprehensive AMC/CAMC will also ensure the long-term efficiency and performance of the solar installations."

The project is expected to play a key role in the railway's efforts to adopt more sustainable energy practices, contributing to both operational efficiency and environmental responsibility.
