Commenting upon the results, Raman Bhatia, Managing Director, Servotech Renewable Power System Limited said, “Q3 FY26 represents a clear operational recovery for Servotech. After the disruptions and policy transitions in Q2, our focus was on improving execution efficiency, strengthening manufacturing operations, and maintaining strict cost discipline. The results reflect the outcome of these actions, with a strong sequential recovery and improved profitability.

Going forward, our priority remains consistent execution, strengthening our manufacturing-led portfolio across solar and energy storage, and maintaining a balanced approach to growth and profitability.”

Outlook

The Company expects the operational momentum achieved in Q3 FY26 to continue into Q4 FY26, supported by improved manufacturing throughput, ongoing execution of institutional and infrastructure projects, and sustained focus on operational efficiency.
