

PRESS RELEASE

The Shanghai Cooperation Organisation Appoints Servotech's MD Raman Bhatia as Head of SCO Working Group on Energy & Green Economy

New Delhi, 2nd April 2026: Servotech Renewable Power System Ltd. (NSE: SERVOTECH), a leading player in India's renewable energy and EV charging ecosystem, announces that its **Managing Director, Raman Bhatia,** has been appointed as the **Head of Shanghai Cooperation Organisation (SCO) Working Group on 'Energy & Green Economy'** under the **SCO Business Council Secretariat (India).**

This appointment represents leadership across a consortium of **28 countries** within the **SCO framework,** one of the world's most influential intergovernmental organizations driving collaboration across energy transition, sustainability, and green economic development.

In this role, **Raman Bhatia** will work closely with international stakeholders to strengthen cross-border partnerships, enable knowledge exchange, and support the development of scalable and sustainable clean energy solutions across member nations. This recognition reinforces Servotech's growing global relevance and its active role in advancing EV infrastructure, renewable energy solutions, and power electronics innovation.

Commenting on the appointment, **Raman Bhatia, Managing Director, Servotech Renewable Power System Ltd.,** said, "I am honoured to take on this responsibility at a time when global collaboration is critical to accelerating the energy transition. The SCO platform provides a unique opportunity to work alongside policymakers and industry leaders across 28 countries to drive innovation, strengthen partnerships, and contribute meaningfully to the development of sustainable energy ecosystems. I look forward to advancing initiatives that support a cleaner, more connected global future."

Disclaimer:

This press release contains "forward- looking statements" that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are to different degrees, uncertain. For us, uncertainties arise from the behavior of financial, software and real estate industry, from future integration of businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different from those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
